

# TAUPE RAI102293 FLOOR CRACK CHASER

The **RAINUREUSE TAUPE** has been developed with our brushless motors (noiseless, vibrationfree, increased longevity, and waterproof) for renovation, construction, demolition, asbestos removal, and dismantling purposes. This sander allows you to perform heavy-duty tasks such as removing plaster, resin, bitumen, and more.

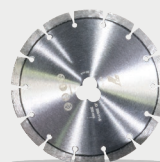

This crack chaser is compatible with various ergonomics tools from our range, making floor sanding effortless.

This machine is easily foldable to facilitate transportation and accessibility.

This machine must be used with an **IP65 electronic speed controller** and an **industrial vacuum with LONGOPAC®** for proper operation.

## ACCESSORIES
